

Problem1:

Create simple class

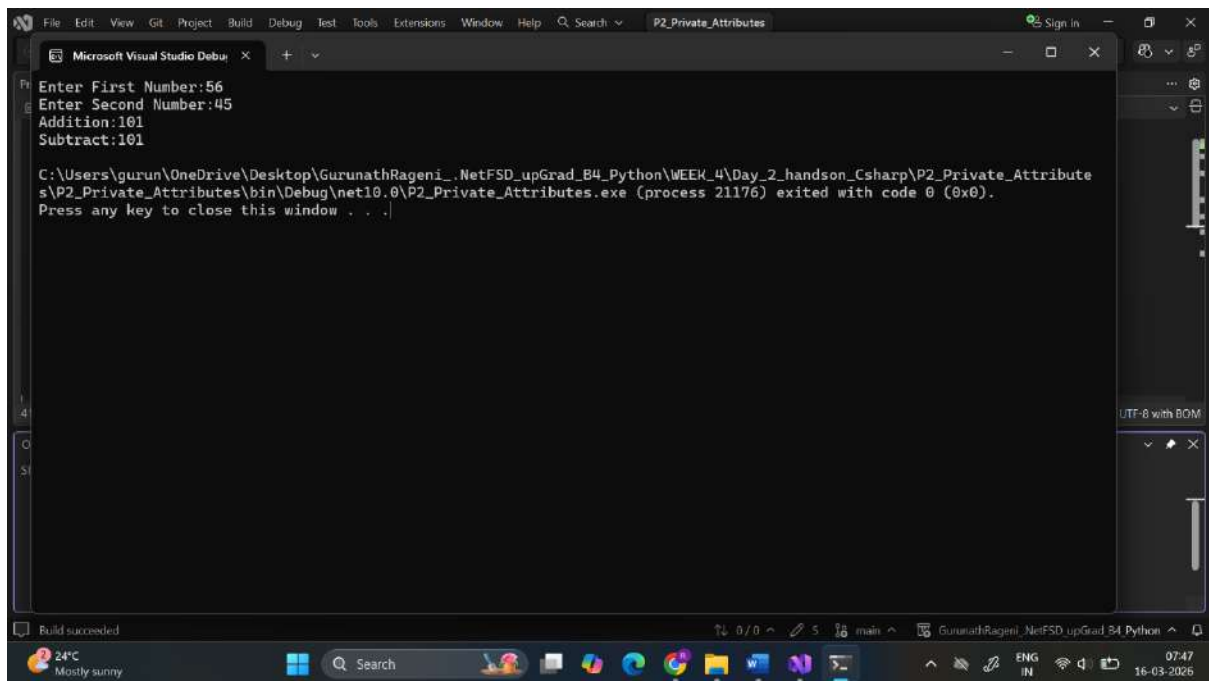

```

1  using System;
2  using System.Collections.Generic;
3  using System.Text;
4
5  namespace Day_2
6  {
7      2 references
8      public class calculator
9      {
10         private int a;
11         private int b;
12         1 reference
13         public int add(int a, int b)
14         {
15             this.a = a;
16             this.b = b;
17             return a + b;
18         }
19         1 reference
20         public int subtract(int a, int b)
21         {
22             this.a = a;
23             this.b = b;
24             return a + b;
25         }
26     }
27     0 references
28     internal class Problem2
29     {
30         private int a;
31         private int b;
32         0 references
33         public int add(int a, int b)
34         {
35             this.a = a;
36             this.b = b;
37             return a + b;
38         }
39         0 references
40         public int subtract(int a, int b)
41         {
42             this.a = a;
43             this.b = b;
44             return a - b;
45         }
46     }
47     0 references
48     public static void Main(string[] args)
49     {
50         Console.WriteLine("Enter First Number:");
51         int num1 = Convert.ToInt32(Console.ReadLine());
52         Console.WriteLine("Enter Second Number:");
53         int num2 = Convert.ToInt32(Console.ReadLine());
54
55         calculator calc_obj = new calculator();
56
57         int add_res = calc_obj.add(num1, num2);
58         int sub_res = calc_obj.subtract(num1, num2);
59
60         Console.WriteLine("Addition:" + add_res);
61         Console.WriteLine("Subtract:" + sub_res);
62     }
63 }

```

Output:

The screenshot shows the Microsoft Visual Studio Debug Console window. The title bar indicates the active window is 'P2\_Private\_Attributes'. The console output is as follows:

```
Enter First Number:56
Enter Second Number:45
Addition:101
Subtract:101

C:\Users\gurun\OneDrive\Desktop\GurunathRageni_.NetFSD_upGrad_B4_Python\WEEK_4\Day_2_handson_Csharp\P2_Private_Attributes\P2_Private_Attributes\bin\Debug\net10.0\P2_Private_Attributes.exe (process 21176) exited with code 0 (0x0).
Press any key to close this window . . .
```

The bottom status bar of Visual Studio shows 'Build succeeded'. The Windows taskbar at the bottom displays the date and time as 07:47 on 16-03-2026, along with system icons for network, volume, and battery.

Problem2:

Private Attributes:

```
using System;
namespace Day_2
{
    2 references
    class calculator
    {
        1 reference
        public int add(int a, int b)
        {
            return a + b;
        }

        1 reference
        public int subtract(int a, int b)
        {
            return a - b;
        }
    }
    0 references
    internal class Problem1
    {
        0 references
        public static void Main(string[] args)
        {
            Console.WriteLine("Enter First Number:");
            int num1 = Convert.ToInt32(Console.ReadLine());
            Console.WriteLine("Enter Second Number:");
            int num2 = Convert.ToInt32(Console.ReadLine());

            calculator calc_obj = new calculator();

            int add_res = calc_obj.add(num1, num2);
            int sub_res = calc_obj.subtract(num1, num2);

            Console.WriteLine("Addition:" + add_res);
            Console.WriteLine("Subtract:" + sub_res);
        }
    }
}
```

Output:

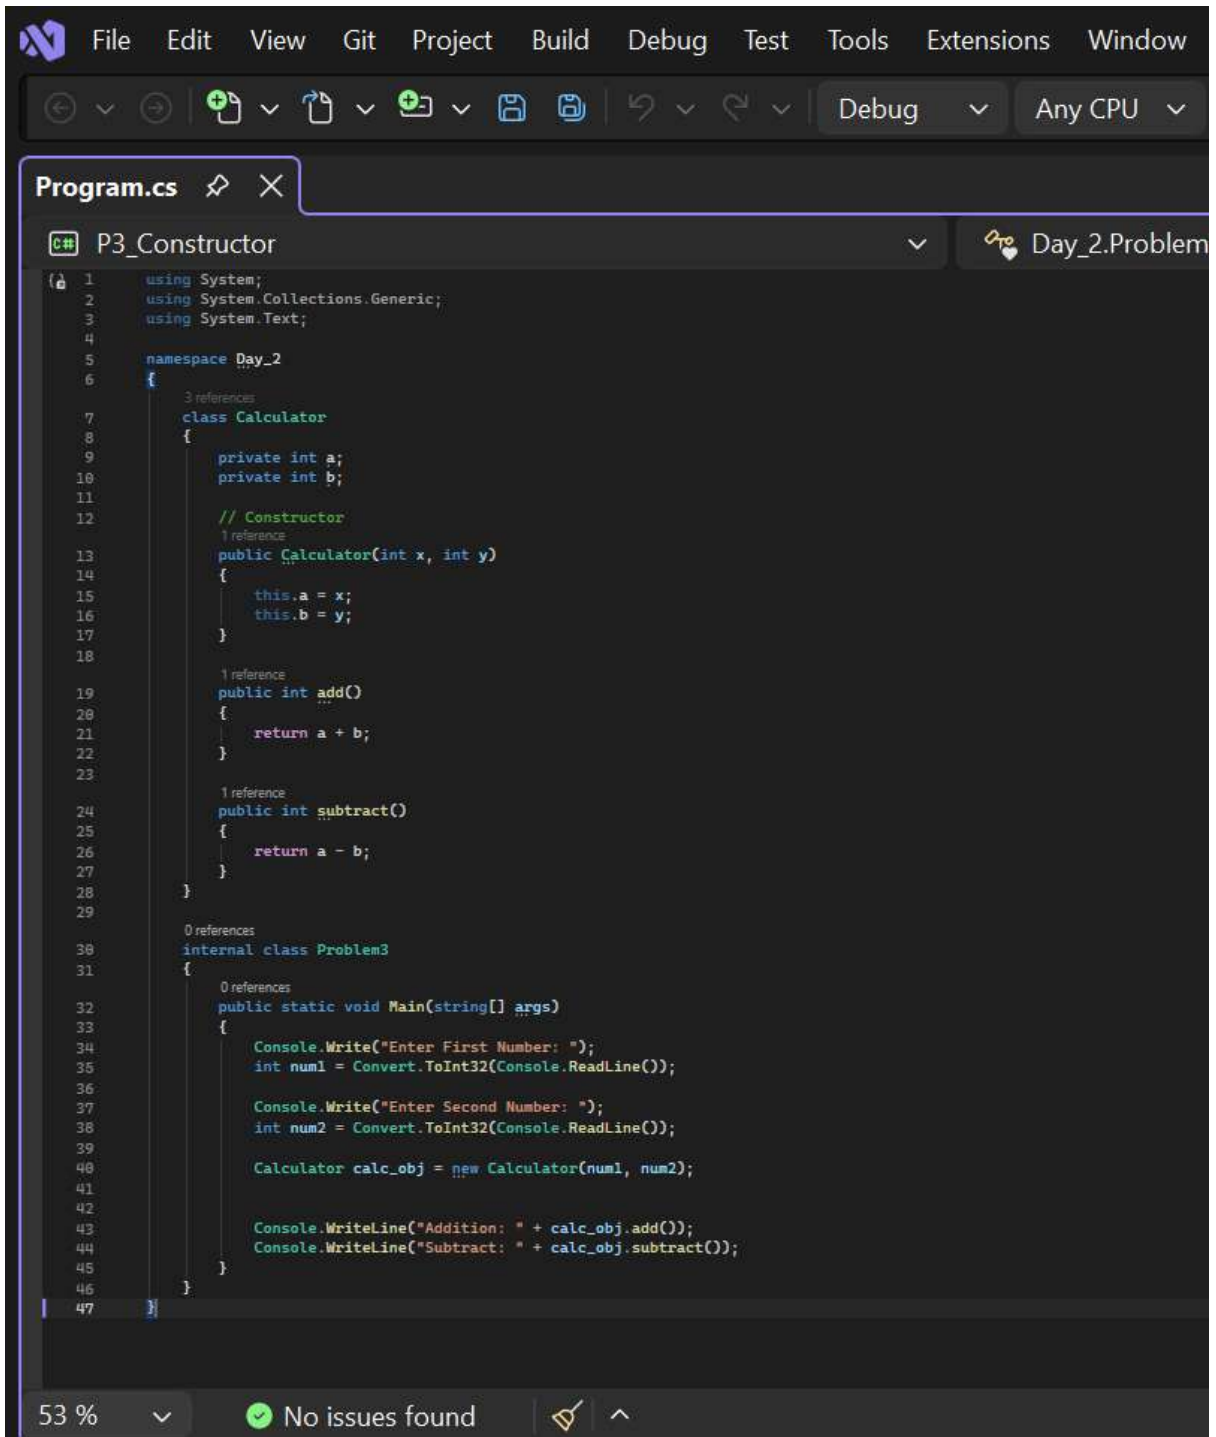

```
Microsoft Visual Studio Debug Console
Enter First Number:56
Enter Second Number:45
Addition:101
Subtract:11

C:\Users\gurun\OneDrive\Desktop\GurunathRageni_.NetFSD_upGrad_B4_Python\WEEK_4\Day_2_handson_Csharp\P2_Private_Attributes\P2_Private_Attributes\bin\Debug\net10.0\P2_Private_Attributes.exe (process 23860) exited with code 0 (0x0).
To automatically close the console when debugging stops, enable Tools->Options->Debugging->Automatically close the console when debugging stops.
Press any key to close this window . . .
```

The screenshot shows a Windows taskbar at the bottom with the date 16-03-2026 and time 07:50. The system tray includes icons for weather (24°C, Mostly sunny), search, and various background applications.

Problem3:

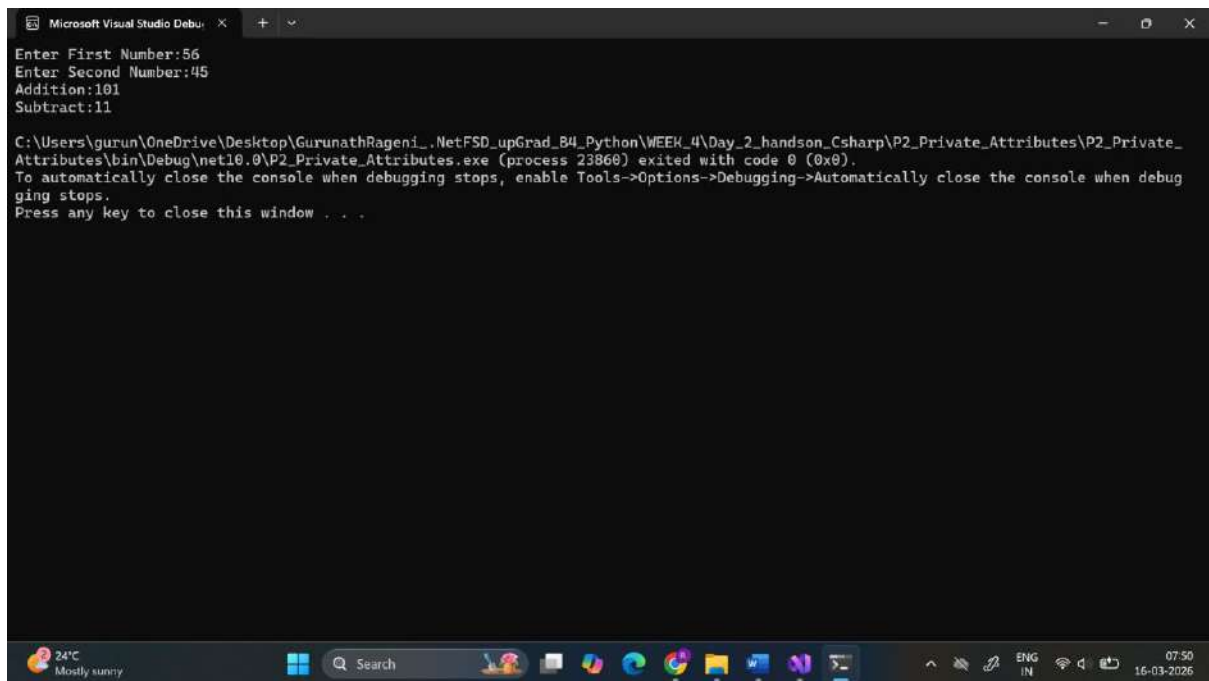

Using Constructer

```
1  using System;
2  using System.Collections.Generic;
3  using System.Text;
4
5  namespace Day_2
6  {
7      3 references
8      class Calculator
9      {
10         private int a;
11         private int b;
12
13         // Constructor
14         1 reference
15         public Calculator(int x, int y)
16         {
17             this.a = x;
18             this.b = y;
19         }
20
21         1 reference
22         public int add()
23         {
24             return a + b;
25         }
26
27         1 reference
28         public int subtract()
29         {
30             return a - b;
31         }
32     }
33
34     0 references
35     internal class Problem3
36     {
37         0 references
38         public static void Main(string[] args)
39         {
40             Console.WriteLine("Enter First Number: ");
41             int num1 = Convert.ToInt32(Console.ReadLine());
42
43             Console.WriteLine("Enter Second Number: ");
44             int num2 = Convert.ToInt32(Console.ReadLine());
45
46             Calculator calc_obj = new Calculator(num1, num2);
47
48             Console.WriteLine("Addition: " + calc_obj.add());
49             Console.WriteLine("Subtract: " + calc_obj.subtract());
50         }
51     }
52 }
```

53 % No issues found

Output:

```
Microsoft Visual Studio Debug Console
Enter First Number:56
Enter Second Number:45
Addition:101
Subtract:11

C:\Users\gurun\OneDrive\Desktop\GurunathRageni_.NetFSD_upGrad_84_Python\WEEK_4\Day_2_handson_Csharp\P2_Private_Attributes\P2_Private_Attributes\bin\Debug\net10.0\P2_Private_Attributes.exe (process 23860) exited with code 0 (0x0).
To automatically close the console when debugging stops, enable Tools->Options->Debugging->Automatically close the console when debugging stops.
Press any key to close this window . . .
```

The screenshot shows a Windows taskbar at the bottom with the following elements from left to right: a weather widget showing 24°C and 'Mostly sunny'; the Start button; a search bar; taskbar icons for File Explorer, Microsoft Edge, Google Chrome, and other applications; system tray icons for network, volume, and language (set to ENG/IN); and a clock showing 07:50 on 16-03-2026.
